

# IMPORTANT CHCS SMART CARD UPDATES

The CHCS SMART CARD program is one year old!

We are constantly striving to improve this program to provide the maximum benefit to CHCS families.

1. Rebate percentages have been adjusted down to accommodate an Ohio excise sales tax of 0.26%.
2. After careful review of usage rates, we are increasing the amount we can share with families. The new administrative fee is 7% of the rebate amount. This equates to 0.035% of the total purchase price (formerly 0.05%).
3. We have purchased the Scripware software which will automatically calculate rebates due to the complexity of calculations with the new rebate percentages. This software allows all family accounts to enter their order online for all vendors, including local vendors such as Giant Eagle, Acme and others.
4. Payment options continue to be cash, check or PrestoPay. Orders placed online can then be printed and sent in with a check by Monday at 10AM.

What changes should you expect to see?

1. Every family will be required to register at [Shopwithscrip.com](http://Shopwithscrip.com) and obtain a user name and password.
2. We are highly encouraging each family to place their orders online.
3. Weekly savings print out with order will be more timely and assures accuracy.

What if I do not have a computer?

If there is an extraneous circumstance that impedes your ability to participate due to lack on internet access, a proxy order can be placed for your family. Please contact the office and we will assist you.
