CHAPEL HILL CHRISTIAN SCHOOL
December 1, 2010

GREEN CAMPUS
946 E. Turkeyfoot Lake Road
Akron, Ohio 44312

From Mrs. Paredes

With Thanksgiving behind us, we are officially into the Christmas season! This is the time of year where excitement can be felt in the air; glitter comes home on art projects, ornaments, in children's hair and on their clothing, and newly learned Christmas songs are sung over and over...and over!

There are so many fun traditions that take place during this month that a family could possibly participate in at least one holiday event every single day leading up to the 25th and beyond. However, with all the hustle and bustle, and running from one thing to the next, the most important aspect of this beautiful season is easily lost.

At Chapel Hill Christian School, we celebrate Jesus' birthday. We talk about Christmas being so much more than the gifts found under the tree. The students know that we were given the best gift of all and He was a tiny baby born on this day so many years ago who grew up and was put to death on a cross for us, for our sins, so that we can have eternal life with Him. The gift of eternal life has been offered to each and every one of us and the best part is that to receive this gift, all we have to do is accept it!

This Christmas season, my prayer is that we embrace this gift that the Lord has given us. As you bake your Christmas cookies with your children or drive around looking at Christmas lights, take some time to share the joy of this season with them.

Below are some examples of common Christmas cookie shapes and how you can connect them to the true meaning of the season.

Star Shape:

In order to worship Christ fully, we need to let Him be the 'Star' of our lives. We've got to give Him full control and not our flesh. Let Him Shine the brightest.

Candle Shape:

We need to remember that others need Christ too. Our lives have got to shine their brightest in order to be the witness that we need to be for Christ.

Christmas Tree Shape

We need to be reminded of the Old Rugged Tree. Having a heart of gratitude for what Christ did for us on the cross of Calvary can really help us bake up Christmas. Reflecting on how Christ suffered for our sin can give you a new attitude of worship.

Stocking Shape

We need to remember who fills our stockings. Christ is the one who places those blessings in our lives. We don't have to write him a letter like Santa Claus. We can just bow our heads for a prayer. He's there with us. He knows what we need.

Wreath Shape

We need to be growing in Christ in order to worship Him fully. We need to be in church, study our bibles, and have a strong prayer life in order to show that green growth.

Sleigh Shape

Get active for Christ. Get behind your pastor. Be involved in your local church events. Don't get stagnant. Be a part of the work of Christ.

Gingerbread Boy/Girl Shape

When we realize that Christ makes us a whole person, we can really bake up Christmas. We have to realize that the things of the world and other people cannot make us happy or whole. Only Christ can do that.
